Here is a blank BOONDOGGLING coupon in case INFLATION takes hold and you need larger denominations.

## BOONDOGGLING STAGE MONEY

Here is a sample of what the old BOONDOGGLING money looked like. I saved the decorative border but scrapped all the etched lines, because they just waste ink. You have to add your own magnetic strips and other fancy doodads. Maybe you can persuade the government to finance a project to make BOONDOGGLING money impervious to counterfeiting!!
